M: Good morning, Stroudwood High School students! This is your principal, Juan Buchanan. As you know, there's only one elevator in our school and it's mainly for those who carry heavy boxes or have hurt their legs. However, they usually wait for ages to use the elevator because it's always packed. Wouldn't it be nice if they could freely use the elevator as they need? So, I suggest you use the stairs instead of the elevator. Not only will this help reduce overcrowding, you can also be considerate of others. Let's take the stairs for the students who really need to use the elevator. Thank you for your cooperation.

대화를 듣고, 여자의 의견으로 가장 적절한 것을 고르시오.

W: David, your toothbrush is worn out again.

M: Oh, I've used this one just for a month. I don't know why this keeps happening, Mom.

W: Wait. Just a month and it's already like this? How do you brush your teeth?

M: Uh, I usually brush hard. It feels like it cleans better that way.

W: Dear, brushing hard can damage your teeth.

M: Really? I thought it would make my teeth whiter and brighter.

W: Actually, aggressive brushing can end up wearing down your teeth.

M: Hmm. I've never thought about that.

W: Well, that's what happened to me. My teeth got sensitive because I used to brush like you.

M: Oh, Mom. I'm sorry to hear that. I'll change my brushing habits from now on.

W: Keep in mind that brushing your teeth too hard can cause damage.

M: Yes, Mom.

W: Hello, listeners. This is *Grace's Tips to Manage Money*. Some people make investments to hit a jackpot overnight but end up losing money. If you don't want this to happen, listen carefully. There's a smart way to make investments while reducing the risk. Spread your money between different types of investments. As the old saying goes, don't put all your eggs in one basket. We cannot predict the future, but we can be prepared. It doesn't matter whether it's types of companies or investment styles. By dividing your investments smartly, you have a lower chance of losing your money. I'll be back after the commercial break. Stay tuned!

W: It's made out of recycled plastic. We put it on display.

M: Uh-huh. It goes well with the theme. What's the box near the plant for?

W: It contained upcycled goods. We used them for quiz prizes. *[Pause]* Guess why those two jugs are on the table.

M: Hmm. Are they drinks for students who brought their own cup?

W: Bingo! We didn't want to waste disposable cups.

M: Nice. What's the bicycle for?

W: When students pedaled, the star-shaped light bulb on the stand lit up. That was my favorite.

다음은 듣고, 물음에 답하십시오.

W: Hello, students. Do you think playing is just a waste of time? Actually, it's not. Today, we'll focus on how play helps children learn different social skills. First, let's talk about language skills. While playing, kids need to find the right words to say to their friends. That way, they learn to express themselves clearly. Second, kids' self-control skills grow in play. When kids ride a slide and there's a long line, they might want to cut in and be the first. However, by waiting for their turn, they learn to control themselves. Next, play builds empathy skills. During role-play, children put themselves in someone else's shoes. This helps them see the world from other people's points of view. Lastly, children improve their apology skills through play. When they play together, they often fight. But in fact, it's a chance to learn to say sorry and make up. The more children play, the more they'll learn the skills they need to get along with others. Now, let's watch a video.
